Mixed compactable clean fill .....	\$30.00 per cubic metre
Mixed clean fill with minor masonry ( <b>Test results required</b> ) .....	\$35.00 per cubic metre

**SPECIAL CONDITION** This agreement strictly describes and qualifies clean fill as VENM described by the EPA as Virgin Excavated Natural Material. Should for any reason the material received at any of Rock and Dirt Recycling or tipping facilities be found to be other than VENM OR CONTAMINATED MATERIAL then the PROPERTY OWNER and the CONTRACTOR will be held liable and the cost of clean up will be charged accordingly and deemed due immediately e.g. the clean up cost which include transport, tipping and consultants costs plus interest at 10% for late payment and all legal costs and expert costs associated with recouping payment. Please note we do not accept any soil from existing or previously occupied service station or factory or industrially used sites or similar without full environmental results as these sites are automatically deemed to require proper testing in accordance with the EPA guidelines. Any suspect material will be turned away or reloaded on the delivery truck and our GATEHOUSE OPERATOR is here nominated as REFEREE to inspect and deem any load unsuitable for tipping at our facility. ROCK AND DIRT RECYCLING reserves the right to change any of our conditions at anytime without notice.

**VENM / CLEANFILL Tipping Form No. 3 (continued)**

Please ensure all the information you supply is correct and that you read all the conditions before signing.

I /we the undersigned being the Proprietors (for a company) also known as the Property Owner

Signature .....

I /We the undersigned being the Proprietors of the Contractor .....

I /We accept we have read the special conditions and request Rock & Dirt Recycling to enter into hire and/or purchase agreement to supply goods, materials and work from time to time which includes any clean up work resulting from any contaminated material delivered as set out in the special conditions and in consideration of Rock and Dirt Recycling so doing I /We hereby jointly and severally guarantee to Rock and Dirt Recycling the due payment by the Property Owner and the Contractor of all obligations under any such hire agreement, sale of goods, work done, materials provided and tipping fees and in the event of any default (default is at Rock and Dirt Recycling sole discretion) by the Property Owner and the Contractor I /we shall be deemed to become principal debtors to Rock and Dirt Recycling and agree that this guarantee shall not be in anyway affected by Rock and Dirt Recycling granting time or any other indulgence to the Property Owner and Contractor and that the guarantee shall bind my/our personal representative(s). I / We give Rock and Dirt Recycling authority to seek credit information about the above-mentioned business. I/We understand that the processing fee is not refundable and this does not guarantee tipping at our facility, the processing fee is only refundable upon quantities that exceed 70 cubic metres upon approval or full payment in advance.
